

# I Can Feel No Marcy

Elán

Now she could be kissing  
Now girl's something missing  
The fairy-tale is over  
Yes, somebody bored her  
She's been herself with guy from ever class  
Ready gotta being for all she ask

Intro

Sitting in the money  
Body ain't that funny  
I know she's lonely dying  
Still she's only smiling  
Living with the guy from the ever class  
Ready gotta being for all she ask

Dancing all in glitter  
Sweet ice-cream taste beat her  
Everywhere and nowhere  
If you're gotta pay her right that she will go there  
Night life drives so crazy  
Mornigs there so lazy  
She's loosing all the chances  
I can feel no marcy 'cos it ain't no fancy

Intro

Sitting in the money  
Body ain't that funny  
I know she's lonely dying  
Still she's only smiling  
She's living with the guy from the ever class  
Ready gotta being for all she ask

...she will go there, she will go there...
