

I Can Feel No Marcy

Elán

Now she could be kissing
Now girl's something missing
The fairy-tale is over
Yes, somebody bored her
She's been herself with guy from ever class
Ready gotta being for all she ask

Intro

Sitting in the money
Body ain't that funny
I know she's lonely dying
Still she's only smiling
Living with the guy from the ever class
Ready gotta being for all she ask

Dancing all in glitter
Sweet ice-cream taste beat her
Everywhere and nowhere
If you're gotta pay her right that she will go there
Night life drives so crazy
Mornigs there so lazy
She's loosing all the chances
I can feel no marcy 'cos it ain't no fancy

Intro

Sitting in the money
Body ain't that funny
I know she's lonely dying
Still she's only smiling
She's living with the guy from the ever class
Ready gotta being for all she ask

...she will go there, she will go there...
