

# I Know

Elán

I know, she was one of many girls  
that came but only to have a show  
I know, my eyes wanted to be mirrors  
But she told "Don't come on, music boy"

I know, it seems I passed a hundred years  
When I had long for her more and more  
I know, I was waiting for a voice  
That told me sweet words, hold me on

R: Maybe that once shall we meet the chance  
To look into her eyes and that's find my paradise  
At this time I'll whisper my sweet secret true  
"Baby, I love you"

I know, I'm a covered music boy  
That's shut now he can't live alone,  
I know, songs would be so full of joy  
But she is standing at love's door
