

I Would Like To Whisper

Elán

I would like to whisper
Like a bee to flower
I would like to whisper
Little secrets to your tiny ear
From your lips and forehead
Got the all of pollen
From your lips and forehead
Tell me if I may

One day I will change you
You'll be sweet and tender
One day I will change you
To the sweet as gold honeycomb
I will suck the honey
From your lovely body
Tell me if you like it
Tell me if I may

All the silky meadow
Sound of lyric body
Music of your movin'
I will suck the honey
From your lovely body
Tell me if you like it
Tell me if I may
Ooouh, say...

I would like to whisper
Like a bee to flower
I would like to whisper
Little secrets to your tiny ear
From your lips and forehead
Got the all of pollen
From your lips and forehead
Tell me if I may
I will suck the honey
From your lovely body
Tell me if you like it
Tell me if I may
