

Love Addiction

Elán

1. I have cruised oceans now
oceans of dark desire
I'm ready for your love
baptiste my fire
Nothing can stop me now
I can accept it's blown
Where I stand all alone
Don't let me go

2. Love is a dirty word
You've taught me all about it
Where I still love
can bring one down
Confusers everywhere
Losers of baith
No rules acceptable
No dreams of hate

R: and my heaven's fallin' keeping your direction
love makes me blinded feels like a bad addiction
and heaven's fallin' keeping your direction
can you hear me calling?

3. You make me loveseek maybe
This is what you want baby
I'll never have enough
of your unfaithfull love
Please give me a chance
Please give me your protection
Pretend you need my loving
Let's make it all perfection
My love's a price on it
Hidding a butterfly
Meeting the killin' lie
It's gonna love to die
