

# She's Number One

Elán

She's number one  
She's number one  
You see her top in all the chart  
She's number one  
She's number one  
But let's say heart right from the start

How - sweet the honey lazing  
And come on soft to daylist  
How - turning half us crazy  
When croosing down the city  
She's number one  
Tüp tüp tüp tüp tüüp tü tü tüp

She sleeps on silver pillows  
At last as sun hold all these  
She's number one  
Number one

She's number one  
She's number one  
You see her top in all the chart  
She's number one  
She's number one  
But let's say heart right from the start

How - she's got a summer body  
No chances for you, loser  
How - get back to your dreaming  
And all but not to choose her  
She's number one  
Tüp tüp tüp tüp tüüp tü tü tüp

She's left the boys in only  
Some getting from up lonely  
She's number one  
Number one

Tüp tüp tüp tüp tüüp tü tü tüp  
Tüp tüp tüp tüp tüüp tü tü tüp  
Tüp tüp tüp tüp tüüp tü tü tüp

Number one  
Number one  
Number one  
Number one...
