

# Why Don't We Feel Anymore

Elán

Tears, they are gone  
Floating and fall  
Emptiness as woman's soul  
Love we had sworn  
Flew in a storm  
Memories have stood at home

Don't we, don't we  
Feel anymore?

Rain in the soul  
Morning has gone  
Blown away by raging storm  
Winter and fall  
Freezing that all  
Turn to ice all we had sworn

Don't we, don't we  
Feel anymore?

Don't we, don't we  
Feel anymore?
