

## Enchantment (dance With A Storm)

Elane

Break adrift, break adrift  
Follow me into the crowd  
Take my hand, take my kiss  
And enjoy this bliss

Come undone, come inside  
Into tonight's embrace  
And the world and its grace  
Is our oyster tonight

Just for the blink of an eye  
You are mine  
Just for some temporary bliss  
Take this kiss

You're the light of the sacred  
Give me your warmth  
I'm the eye of the cyclone  
Dance with a storm

Into the arms of enchantment  
Till a new break of dawn  
A new break of dawn
