Crawling with Idiot

It's crawling with idiots
I'm itchin' to leave
I'm soft with fatigue, I need somethin'
I've never seen anything quite like you
In here

Come on, it's not serious I just need arms tonight

You're blue collar pride And you're loose cotton cool You're wiltin' a little Nothing grows down here Chrome smoke heat me and you

Come on, it's not serious I just need arms tonight

Tonight, tonight Tonight, tonight Tonight, just tonight Tonight, tonight Tonight, just tonight Tonight
