

# I'll Never Be Happy Again

Eleanor Friedberger

Reggie asked Peter, "Do you know what's wrong with you?"  
He said, "What man?" She said, "Nothing."  
And that's how I feel about you too  
And it's driving me insane  
And oh since I met you  
I'll never be happy again  
Eve asked Roger about his initials, R.O.T  
"What does the O stand for?" and he said, "Nothing"--  
That line did it for me  
And it's echoed around my brain  
An oh, since I heard it  
I'll never be happy again  
After perfection  
It's all downhill  
With no time to stand up  
And no time to sit still  
Frequent rejection  
Occasional affection  
It's often offered  
In the wrong direction  
Wally asked Hazel, "Have you lived here all your life?"  
And she said twice that time, then later she ends up his wife  
Love is an exquisite kind of pain  
And oh since I saw you  
I'll never be happy again  
After perfection  
It's all downhill  
With no time to stand up  
And no time to sit still  
Frequent rejection  
Occasional affection  
It's often offered  
In the wrong direction
