

Down On The Bay

Electric Light Orchestra

Ah sweet little lady used to drive me crazy
Had to stick around to play

Down on the bay
Thats where I stay
The clouds are gray
Down on the bay
And thats my home
Cant leave my woman alone

Dont know what I'm missing
But I wouldnt miss the kissing
With lily cause she looks so fine

Down on the bay
Thats where I stay
The clouds are gray
Down on the bay
And thats my home
Cant leave my woman alone

Walking with my lily
Down a road thats pretty chilly
But she makes it like a summer day

Down on the bay
Thats where I stay
The clouds are gray
Down on the bay
And thats my home
Cant leave my woman alone

Sure look so delighted
And I'm getting so excited
Every time you start to play
Down on the bay

Down on the bay
Thats where I stay
..

A-sittin on the bay
Thats where I stay
Thats where I stay

Down on the bay
Thats where ill stay

Down on the...
Thats where ill...
