

# Getting To The Point

Electric Light Orchestra

It's out of control (out of control)  
And there's nothing I can do now  
Out of control (out of control)  
Spinning softly through the blue now  
And look beyond these walls  
As the meaning starts to dawn  
It's getting to the point  
Getting to the point.

It's out of control (nothing I can do)  
Like a fire that keeps on burning  
And nobody knows (what I'm going through)  
And the thoughts just keep returning  
And all you had to say  
Was that you were gonna stay  
It's getting to the point  
Getting to the point.

R: It's getting to the point  
Where nobody can stop it now  
It's getting to the point  
Of no return  
And all that I can do  
Is stand and watch it now  
Watch it burn, burn, burn  
It's getting to the point  
Where reasons are forgotten  
It's getting to the point  
Where no one knows  
And all that I can do  
Is say I'm sorry  
But that's the way it goes...

Getting to the point.

Forever  
Is a long, long way  
Forever  
Takes your breath away  
I'd like to talk about it, try to understand  
It's getting to the point  
Getting to the point.

R: It's getting to the point...

It's getting to the point (getting to the point)  
Getting to the point (getting to the point)  
It's getting to the point (getting to the point)  
Getting to the point.
