

# Little Town Flirt

Electric Light Orchestra

Here she comes  
(Here she comes)  
That little town flirt  
(Here she comes)  
You're falling for her  
And your gonna get hurt

Yeah, I know it so hard to resist  
The temptation of the tender red lips

But you can get hurt, hurt, hurt, hurt  
Yeah, you can get hurt, hurt, hurt, hurt, hurt  
Foolin' around with that little town flirt

Here she comes  
(Here she comes)  
Through that look in her eyes  
(Here she comes)  
She plays around  
With every guy that goes by

Yeah, I know she's gonna treat you wrong  
So your heart just get better be strong

'Cause you can get hurt, hurt, hurt, hurt  
Yeah, you can get hurt, hurt, hurt, hurt, hurt  
Foolin' around with that little town flirt

I know, how you feel, you think her love is real  
You think this time she'll be sincere  
But you think you got a paper heart  
When she starts to tear it apart  
That's when she'll let you go

There she come  
(Here she comes)  
Just look at that style  
(Here she comes)  
She's lookin' at you  
Giving you that smile

Yeah, I know she's gonna treat you wrong  
So your heart just get better be strong

'Cause you can get hurt, hurt, hurt, hurt  
Yeah, you can get hurt, hurt, hurt, hurt, hurt  
Foolin' around with that little town flirt

(Here she comes)  
You better, better hide now boy  
(Here she comes)  
You better ...

(Here she comes)  
You better runaway now  
(Here she comes)  
You better ...
