Point Of No Return

Electric Light Orchestra

It's out of control
Out of control
And there's nothing I can do now
Out of control
Out of control

Spinning softly through the blue now
And look beyond these walls
As the meaning starts to dawn
It's getting to the point
Getting to the point

It's out of control
Nothing I can do
Like a fire that keeps on burning
And nobody knows
What I'm going through
And the thoughts just keep returning

And all you had to say
Was that you were gonna stay
It's getting to the point
Getting to the point
It's getting to the point

It's getting to the point
Where nobody can stop it now
It's getting to the point
Of no return
And all that I can do
Is stand and watch it now
Watch it burn, burn, burn
It's getting to the point
Where reasons are forgotten
It's getting to the point
Where no one knows
And all that I can do
Is say I'm sorry
But that's the way it goes
Getting to the point

Forever is a long way
Forever takes your breath away
I'd like to talk about it
Try to understand
It's getting to the point
Getting to the point
Getting to the point

It's getting to the point
Where nobody can stop it now
It's getting to the point
Of no return
And all that I can do
Is stand and watch it now
Watch it burn, burn, burn

It's getting to the point
Where reasons are forgotten
It's getting to the point
Where no one knows
And all that I can do
Is say I'm sorry
That's the way it goes

It's getting to the point
Getting to the point
Getting to the point
Getting to the point
It's getting to the point
Getting to the point
Getting to the point
