

This Time Tomorrow

Electric Light Orchestra

Now the time has nearly come
you watch the setting sun
this time tomorrow I'll be gone

Here nothing could be bad
No one to feel sad
this time tomorrow looking back

Yes I'll miss those happy days
as the sunset meets my gaze
I'll remember that I love you

So this is how it ends
I'd love to make amends
this time tomorrow well be friends

Yes I'll miss those happy days
as the sunset meets my gaze
I'll remember that I love you

So this is how it ends
I'd love to make amends
this time tomorrow well be friends

Mmmhmmm La da da da da la oh....
