

Gun Rights

Electric Six

Give me back my rights, my gun rights
I know you took my rights, my rights
I know I got my rights, my gun rights
Don't take away my rights, my rights

God damn I've got my rights, my gun rights
You took away my rights, my rights
I know I got my rights, my gun rights
You took away my rights, my rights
My rights, rights, rights, rights, rights, rights, rights
I know I got my gun rights

Give me back my rights, my gun rights
You took away my rights, my rights
I know I got my rights, my gun rights
Don't take away my rights, my rights
God damn I've got my rights, my gun rights
Don't take away my rights, my rights
I know I got my rights, my gun rights
Don't take away my rights, my rights
My rights, rights, rights, rights, rights, rights, rights, rights, rights, rights
ts, rights

Knife to the party, knife to the fight
Knife for your lover in the middle of the knife
But a knife ain't nothing like a gun
Gunny gun you're still the one
Meeting you is so much fun
Before the thrills ?
Let's go shoot out all the lights
I know I got my rights

My gun rights
What about my rights, my rights
I know you took my rights, my gun rights
Don't take away my rights, my rights
My rights, rights, rights, rights, rights, rights, rights, rights,
My gun! Rights!
Gun! Rights!
Gun! Rights!
Gun! Rights!
