```
Two, three, four, five, six, seven, hooh!
I am the terminator, the love devestator
I am the terminator, the love devestator
I am the terminator, the love devestator
I am the terminator, the love devestator, and
I know karate
And I know how to get things done
When the dust clears,
I'll be the only one standing
Hooh!
I am the terminator, the love devestator
I am the terminator, the love devestator
I am the terminator, the love devestator
I am the terminator, the love devestator, and
I know your number
And I know that you're all alone
And I intend to keep coming, keep coming, keep coming
Hooh!
I am the terminator, the love devestator
