Some girls fight for their men
Some girls fight for love
Some girls fight for justice
Some girls fight just to
Strap on the gloves
Get dirty with some other girls

There's a tournament starting tonight
64 girls looking to fight
None of them are gonna be out done
But you can't control the outcome
You can only control the flow
Look at my girl getting ready to go

She got those fists and feet
Never going down in defeat
I've seen her fighting way too fast
Fight that way and you finish last
But you're never gonna listen to me
She was fighting for victory

Don't give it all you got
I never said you should
Too much of anything's not good
(Karate... lips)
You took your best shot
(Huh)
But still you never could
Punch through that final block of wood

Karate lips

(Hah!)

Some girls go the distance
Some girls bite the dust
Some girls do it for sensei
Some girls... lust
Hop around like an ass bunny

I need it more than that
I gotta make you see
There's nothing else but that trophy
(Karate... lips)
Leave it all on the mat
Punch your way to victory

And know there's just one guarantee
(Karate... lips)
It hurts you more than it hurts me
(Huh!)
(Karate... lips)
It hurts you more than it hurts me
(Huh!)
(Karate... lips)
It hurts you more than it hurts me
(Huh!)
(Karate... lips)
It hurts you more than it hurts me
(Huh!)
Yeah!
