

## Sexy Trash

Electric Six

Show me your sexy trash  
But don't go making moves  
That agitate my rash

I'm an American man  
And I know where I stand  
I stand with you  
And your sexy trash

Columbian war lords  
Are rushing to replace  
All the products that they've moved  
To the United States  
With tradaxxian crystals from outerspace  
And the filthy residue  
Of your sexy trash  
Your sexy trash

Geo political ramifications  
Of lovers when they lie

Because of vegetarians  
Animals no longer die

We can live as one inside the slaughterhouse  
Of your sexy trash

I'm an American Man tonight
