Electric Valentine

You hold it over me
And the day is wasted now
I'll be there soon enough
And it's time you faced it now
You're so focused on the words
That you missed the context
It's difficult enough
To admit what comes next

Let me go before you break my heart again
Let me go.
Let me go before you break my heart again (9x)
Again (8x)

I can make it on my own
And I would love to hate you
I burn them all to show
That I'll always blame you
And taste the poison on your lips
Like the lies between them
They're just innocent mistakes
Until you repeat them

Let me go before you break my heart again
Let me go.
Let me go before you break my heart again (9x)
Again (8x)

Let me go
I'll never know better
Just let me go
I'll never know better
Just let me go
I'll never know better
Just let me go
I'll never know better
Just let me go
(Let me go before you break my heart again)
I'll never know better

Let me go before you break my heart again (9x)
Again (8x)
