

A Night With You

Electric Valentine

Just stay, we both know you want a little taste
And I just don't have the time to waste
I'm subtlety baby (I'm subtlety baby)
True, I'll stay if you ask me too
I'm not gonna lie to you
I really need a night with you, yeah

All I wanted was just a night with you
A night with you baby
All I wanted was just a night with you
So don't keep me waiting (2x)
Don't keep me waiting

Once more and I really like the clothes you wore
But they look better on my bedroom floor
If you know what I mean now
True, I'll stay if you ask me too
I'm not gonna lie to you
I really need a night with you, yeah

All I wanted was just a night with you
A night with you baby
All I wanted was just a night with you
So don't keep me waiting (2x)

You're exactly, you're exactly what I need (3x)
Like it really matters anyway (2x)

All I wanted was just a night with you
A night with you baby
All I wanted was just a night with you
So don't keep me waiting (4x)
Don't keep me waiting
