## Electric Wizard

His blackened wings shadow the Earth  
This age of fire is his rebirth  
Awakened now in these troubled times  
He's come to judge us for our crimes

Behemoth  
Behemoth

Day of judgment, it has arrived  
All you sinners, you're gonna die  
The Lord has shown you the way to live  
Stop your hate, you've got to give

Behemoth  
Behemoth

Were you a slave  
And told what to do  
If that's so  
He's come for you  
Did you follow  
Religion is a lie  
Be not afraid  
You're gonna die  
You're gonna die

So change now, before it's too late  
Or life in servitude will be your fate  
Be free, do as you will  
Love and happiness, you take your fill
