Son Of Nothing

Electric Wizard

Dying sun fades in our sky
The time has come for us to say goodbye
Construct the pods, we must evacuate
To the stars again, is this to be our fate?

Oh baby, just maybe, we'll take you To the sun of nothingness

We left the war pigs far behind Plot apocalyptic course to find Will we ever reach our journey's end To find a world and start again

Oh baby, just maybe, we'll return To the sun of nothingness

"In one of the countless billions of galaxies in the universe Lies a medium-sized star, and one of its satellites A green and insignificant planet, is now dead."
