

## Supercoven

Electric Wizard

Black sun master  
Under starless sky  
Black stone altar  
They pray to the sign  
The old ones were  
And they shall be again  
Yog Sothoth is the gate  
Planetary alignment predicts their reign

Supercoven  
Have awakened the Ancient Ones  
Mindless slaves to the black god  
Moan dark hymns to the sun  
To the sun

Mindless fuckin' slaves  
You're mindless slaves

They watch from the sun  
Since our lives had begun  
They want us to be free  
If only we could see

Yeah! Turn to the sun...

Supercoven...
