

So Good

Electrik Red

How did I let him come back
She wants ya, I need ya
Please tell me to stay
She says that she loves ya like I love ya
But you know that it ain't the same

We had a fling
This I know
But we got a thing...
She gotta let yo go
Cause now I'm actin crazy
I'm out here callin you baby [2x]
I shouldn't have let you hit that
Cause now I can't forget that
I thought I wouldn't really care that much
But now a girl all in love

Don't mean to be a hater
But ooo, damn, you so good
So good, so good, so good, so good
So ooo, damn

I miss ya, I can taste ya
Please come back to me
Baby lay in my arms
And say you will never leave

I gotta thing...And I know you know [2x]
So boy don't play with me, just stay with me
And allow me to give you more
My girls all call me crazy
Cause I'm out here callin you baby
I shouldn't have let you hit that
Cause now I can't forget that
I thought I wouldn't really care that much
But now a girl all in love

Don't mean to be a hater
But ooo, damn, you so good
So good, so good, so good, so good
So ooo, damn

I can't believe you
You put it on a girl like that
I can't believe I...
Just got off the phone with you but I wanna call right back
I can't believe you
Got me in the kitchen cookin for you like my first names Betty
I can't believe it
But you got that ooo ooo ooo ooo
[3x]
Ohoo ohoo hoo hoo
Hoo ho...yeah...oo

[Lil' Wayne]

And weezy make it moist
