

Just Like I Am

Electrocute

Put down your gun Lay your head down next to mine Look in my eyes I've got something to tell you I've nothing to hide But there's some things I've been through That I think you should know
But if you don't trust me

I'll start again Just one more heart broken I can't, I can't pretend I'm just a little bit strange Oh oh oh

I want you to love me Just like I am Just like I am

I guess you could say I've been kind of crazy I paid my dues If that's not cool to you

I'll start again Just one more heart broken I can't I can't complain I'm just a little deranged Oh oh oh

I want you to love me Just like I am Just like I am
