

Shag Ball

Electrocute

Shag, shag, shag ball,
Shag, shag, shag ball
Shake it up, shake down
Shake it up, shake down
Shake down with me, shake down
Take a jack on my mind,
Let my finger ride your thumb
See the back of my eyes
Let my finger ride your thumb
I'm a bit on
Turn it up, turn on
Turn me on
Wet and irritate my ears
Take me by the face
Nab the rust to get down
Take me in your head
I'm a bit on
Shag ball
