

Super Kiss Attack

Electrocute

It's a tulip show On the radio And you smell so nice And you feel so right

Round and round we go We're in stereo Like a beating heart Play it from the start

Undercover on a mission When we're kissin How you glisten

I'm a little narcissistic You're delicious When you kiss it

(break smack smack)

Kissen on the floor Kissen down my back Kissen on my neck Ooh how I like that

Kissen on the beach Super kiss attack Kiss me like a peach Ohh a little smack

Mussen schneller gehen Wir sind zu spate Ich kusse dir Du tanzt mit mir

It's hysteria It's phenomenal When we make believe Kisses on the beat

Undercover on a mission When we're kissin How you glisten

I'm a little narcissistic You're delicious When you kiss it

(break smack smack)

Kissen on the floor Kisses down my back Kisses on my neck Ooh how I like that

Kissen on the beach Super kiss attack Kiss me like a peach Ohh a little smack
