

# If You've Got Love

Electronic

You are the only one I need  
And you mean everything to me  
I can't get you out of my mind  
You've got the face I want to see

You're never in when I'm around  
When I turn up, you turn me down  
If you lie to me I believe you  
Yes, I have to, I will leave you

Stop if you've got love  
Take all your faith and make it good  
Bow down, surrender, follow love  
And make it yours forever more

Why don't you stop if you've got love  
Don't lose this grace, it's just too good  
I hope it's me you're thinking of  
Because I feel the need

You never know what's going on  
But you tell me that I am wrong  
If it was up to me I would leave you  
But it isn't, I believe you

I would do anything I could  
Just to make sure you understood  
But I wouldn't ever deceive you  
Though I'd want to, I could not do

Stop if you've got love  
Take all your faith and make it good  
Bow down, surrender, follow love  
And make it yours forever more

Why don't you stop if you've got love  
Don't lose this grace, it's just too good  
I hope it's me you're thinking of  
Because I feel the need

Stop if you've got love, if you've got love  
Stop if you've got love, if you've got love  
Stop if you've got love, if you've got love  
Stop if you've got love, if you've got love

Stop if you've got love  
Stop if you've got love  
Stop if you've got love, if you've got love  
Stop if you've got love

Stop if you've got love  
Stop if you've got love  
Stop if you've got love  
Stop if you've got love
