

# Don't Wait

Elefant

I hear the voices  
They are calling me  
They say Los Angeles died  
I disagree

I hear her singing  
Up in the hills  
We both did too much  
Hold me still

Don't wait for me  
Don't wait for me  
To catch the sunsets on the beach  
Don't wait for me  
Don't wait for me

The desert sleeps beside her  
With open arms  
The storm is getting close  
The signal lost

The Spanish kids are dancing  
With plastic guns  
The city has a new sound  
It's calling us

Don't wait for me  
Don't wait for me  
To catch the sunsets on the beach  
Don't wait for me  
Don't wait for me

And it started to rain

We walk on the stars,  
We walk on the stars,  
We walk on the stars

Don't wait for me  
Don't wait for me  
To catch the sunsets  
Don't wait for me  
To watch the moonlight  
Don't wait for me  
To catch the sunsets  
Don't wait for me  
To watch the moonlight
