My Apology

I try to tell you that I'm gone I'm gone I'm gone I can't go on You look upset Your eyes are red

The flowers on the floor are dead You try to tell me that I'm wrong You're wrong you're wrong we can't go on I'm sorry for the lonely nights I'm sorry but I cannot hide

Please listen to me You're killing me with your love You're killing me with your love You're killing me with your love Just set me free from your touch

I'm sorry that you're fearing this I'm sorry but I do not miss The way I felt that awful night The way we had our final fight

I'm sorry that I'm on the run I can't go on I'm gone I'm gone It's all a mess

It's not your fault I tried to warn you from the start

Just look into my eyes You're killing me with your love You're killing me with your love You're killing me with your love Just set me free from your touch

It's my apology It's my apology To you

I'm trying to leave you I'm trying to leave you I'm trying to leave you

I'm trying You're killing me with your love You're killing me with your love You're killing me with your love Just set me free from your touch

I'm trying to leave you I'm trying to leave you
