

# War

## Element Eighty

This is not me now  
can you tell me  
what am I becoming?  
what am I doing to myself?  
This is not me now  
can you tell me  
why I'm self destructing  
How can I live with all this?

I am breaking to pieces  
and how long will I lose this war  
I can't take much more

I am losing now  
will you help me  
How can I explain this?  
How can I justify myself?  
I am losing now  
will you help me  
cause I can't remember  
all that I've lived with for so long

I am breaking to pieces...(2x)

This is not me now  
can you tell me  
what am I becoming  
what am I doing to myself

What am I doing to myself?  
I'm self destructing

I am breaking to pieces... (3x)
