

Bun In The Oven

Eleni Mandell

Who's gonna kiss my lipstick lips?
Who's gonna hold me tight?
I got a bun in the oven, but I still need lovin'
Will you be my man tonight?

Who's gonna squeeze me,
Who's gonna tease me?
Who whispers soft and sweet?
It might me clever and conney
And maybe keep you from running.
Will you be my trick-or-treat?

There's a man on TV,
Came at me in a dream.
With a pretty face and bright blue eyes.
Isn't wrong to imagine that someday I'll have
The two of us side by side.

Who's gonna feel me, morning me?
Who's gonna hold my hand?
There's a tale that I'm humming
Like a bold baby's coming
Will you be my part time man?

There's a man on TV,
Came at me in a dream.
With a pretty face and bright blue eyes.
Isn't wrong to imagine that someday I'll have
The two of us side by side.

Who's gonna laugh with me?
Share our bath with me?
Who's gonna keep me warm?
I got a bun in the oven, but I still need lovin'
Will you be my only one?
