

Like Dreamers Do

Eleni Mandell

Lights fly a kite up in the air, so high
Over the city
We can sail away like dreamers do, me and you
Let's take the train across the land We'll tchu-tchu
And hand in hand
We like farewell like dreamers can, dreamers will
Don't be afraid of the...
I will never leave you...
No, no, no

Let's take the plane
Better yet the helicopter
Into the sunset, buzz, buzz, buzz
The city sleeps
The dreamers are dreaming dreams sweet

Don't be afraid of the...
I will never leave you...
No, no, no

Let's take a ship
Jumping waves like a couple of dead devils
Hoping and scared
Under the moon and under the stars
Like dreamers do
That's what we are
