

Never Have To Fall In Love Again

Eleni Mandell

Don't make me fall out of love with you, baby
I hate to see you fade and disappear.
Trailing far behind me in the distance
Just a snapshot picture postcard souvenir.

I'm dreaming we will spend our lives together
But now I'm left to love somebody new
You say that you can never stay for ever
So falling out of love is what I'll do.

Don't make me fall out of love with you, baby
It hurts as much as you falling out with me
How could laughing close to tears turn to blindness?
Good times- just a fading memory.

I dreamed we will live in the country
And travel around the world a time or two
But if you have to gamble, I want a better life than ramble
And I'll start by falling out of love with you.

I don't like mistaking true love with passing through
True for me is at to see was never true for you.

But don't make me fall out of love with you, baby.
The lonely nights are stretching out ahead.
Just curl your arm around me while I'm sleeping soft and soundl
y
And I'll never have to fall in love again.

I dreamed we will live in the country
And travel around the world a time or two
But if you have to gamble, I want a better life than ramble
And I'll start by falling out of love with you.

I don't like mistaking true love with wasting time
True for me is at to see was only in my mind.

But don't make me fall out of love with you, baby.
I'll miss you every day, 'till I'm dead.
Just curl your arm around me while I'm sleeping soft and soundl
y
And I'll never have to fall in love again.

Curl your arm around me while I'm sleeping soft and soundly
And I'll never have to fall in love again
