Eleni Mandell

Pauline
more than a memory girl
got to tell you what was
a cold blue sofa
and an oriental rug
when your man got down
and your man told me
let's go

Pauline
more than a memory girl
got to tell you what
smells like a magazine
tastes like a watermelon
looks like looks like looks like
we've got a problem

It felt like love when he pulled me near
I was born in spring
I was looking for a thrill
in your pale summer dress
and your catalogue skirt
I wore black
I wore heels
I wore an oxblood t-shirt

Pauline
more than a memory girl
got to tell you what
the lad looked down
while the record player turned
I was sweet and pretty
like a chinese glamour girl

It felt like love when he pulled me near
I was born in spring
I was looking for a thrill
in your pale summer dress
and your catalogue skirt
I wore black
I wore heels
I wore a tight red t-shirt

Pauline
more than a memory girl
got to tell you what
