

Too Bad About You

Eleni Mandell

Too bad about you
Too bad about you
Too bad
So tall and so smooth
So wonderous cat
So far from the top of your head to the ground
If you picked me up, you could carry me around
Too bad
Too bad
Too bad

I'm always awake, looking out at the Empire State Building
Chrysler, give a wink and the Bradbury in L.A.
Los Angeles
My Edison dreams won't keep me from seeing the truth
You should've come with me
Too bad about you

Too bad about you
Too bad about you
Too bad
So tough and so cool
So many others have had
So far from the top of your head to the ground
If you picked me up, you could carry me around
Too bad

I'm always awake, looking out at the First Interstate building
Bilmar give a kiss, of the Oviatt Bliss in L.A.
Los Angeles
My Bradbury dreams won't keep me from seeing the truth
You should've come with me
Too bad about you
You should've come with me
Too bad about you
Too bad about you
