Elephant Man

Let's talk about stuff around we
Too much people a suffer round we
The recession get so deep
Is like it out fi drown we
Well...

Is like a poor people it mek fi keep down
Yuh get beat down if yuh nuh keep yuh feet down
Cause it hurt mi deep down, hurt mi deep down
Cyaa believe things a get soh sour inna we sweet town
Cause look how di farmer dem haffi a till di ground
An haffi a duck from gunshot when dem fi go sell a town
Cause it hurt mi deep down, hurt mi deep down
Cyaa believe things a get soh sour inna we sweet town

Cause money mi want, unu tek man fi clown
We nuh wah fi see nuh depression a stick around
Cause Jah run di world him a spin it around
Look how much time things go bad and him bring it around {eh}
The street is hot, and a depression a do it
Tell mi why Kingston a run like down inna di middle east
Everyday yuh hear seh you have gangster tangle up wid police
Want peace from down a south, west fi go back a east

Cause is like a poor people it mek fi keep down
Yuh get beat down if yuh nuh keep yuh feet down
Cause it hurt mi deep down, hurt mi deep down
