

Break In The Clouds

Elephant Revival

Oh the clouds, oh the clouds,
See the break in the clouds.
Feel the sun shining down,
Shining down through the clouds.

Oh the clouds, oh the clouds,
See the break in the clouds.
Feel the sun shining down,
Shining down through the clouds.

Oh the wind came around
Blew the dust from the moon.
Shook the leaves on the trees.
What a sound, what a sound.

And the cattails did wail,
And the darkness gather round.
The sky, it did shake,
And the rain came down.

From the clouds, oh the clouds,
See the break in the clouds.
Feel the rain coming down,
Coming down through the clouds.

Oh the clouds, oh the clouds,
See the break in the clouds.
Feel the sun shining down,
Shining down through the clouds.
