

## All Around The World

### Elevation Worship

Your church sings in chorus  
To tell how great and glorious You are God  
Our hearts respond to greatness, God  
There is no other name that is higher

All around the world we sing your praises out  
Your name is great, we celebrate  
Jesus, your fame is what we're living for  
A life of praise, we celebrate

Your people gather to proclaim  
The rising anthem of your name, God  
Our hearts respond to greatness, God  
There is no other name that is higher

All around the world we sing your praises out  
Your name is great, we celebrate  
Jesus, your fame is what we're living for  
A life of praise, we celebrate

We listen and we move, our hearts respond to you  
We listen and we move, our hearts respond to you
