

# Exalted One

## Elevation Worship

[Verse 1:]

In the midst of the darkness  
You're the light that guides me through  
Our eyes are on You  
You are near to the broken  
The weak find their strength in You  
Our eyes are on You

[Verse 2:]

When I'm lost in the madness  
You're the peace that calms my soul  
Our eyes are on You  
You bring hope to the hopeless  
You're the love that won't let go  
Our eyes are on You

[Chorus:]

We lift our eyes to You  
Where our help comes from  
Our hope is found in You  
Jesus, Lord of all  
We lift our eyes to You

Exalted One, Exalted One

[Bridge:]

Your promise stands, Your love endures  
Nothing can shake us, Standing on Your word  
We're not afraid, We're full of hope  
You'll never leave, You'll never let us go
