

# **We Were Far From You**

## **Elevation Worship**

Before time began  
The world was never meant  
To carry all our sin  
Before we ran away  
And lost what you had made  
You planned to take our place

On the cross  
You died so we could be alive  
And You sought to bring us home

We were far from you  
And nothing in this world could fill us up  
But You brought us back

Before we could come  
And kneel before your throne  
You had to send your son  
You saw us in our need  
You came to make us clean  
You bled to set us free

On the cross  
You died so we could be alive  
And You fought to bring us home

We were far from you  
And nothing in this world could fill us up  
But You brought us back

Filled with Your love  
It's Christ in us  
Free by the blood of Your son
