

You float just like an angel,  
Through my mind everyday.  
It's like I've caught sight of the afterlife,  
And I think I'm on my way.  
You know It's gonna take an exorcist,  
To send me away.  
I haunt you cause I want you.  
Girl, what else can I say?  
I haunt you cause I want you.  
Girl, what else can I say?

Do you believe in me now,  
Or do you think you're dreaming?  
I'll show you how,  
You make me feel just like a ghost,  
Coming to life inside my host,  
Possess you like an overdose,  
Your ghost...

I'm this demon you've been seeing,  
If that's what you've been told.  
I'm just an apparition,  
Truth been told,  
The light in your soul,  
I don't want to control you,  
This is all I that know.  
I've been possessed by your affection,  
Now I'm begging for more...  
I've been possessed by your affection,  
Now I'm begging for more...

Do you believe in me now,  
Or do you think you're dreaming?  
I'll show you how,  
You make me feel just like a ghost,  
Coming to life inside my host,  
Possess you like an overdose,  
Your ghost...

Do you believe in me now,  
Or do you think you're dreaming?  
I'll show you how,  
You make me feel just like a ghost,  
Coming to life inside my host,  
Possess you like an overdose,
