

Gouge Away

eleventyseven

Gouge away,
You can gouge away,
Stay all day,
If you want to.

Missy aggravation,
Some sacred questions,
You stroke my locks.
"Some marijuana,
If you got some..."

Gouge away,
You can gouge away,
Stay all day,
If you want to.

Sleeping on your belly,
You break my arms,
You spoon my eyes.
Been rubbing a bad charm,
With holy fingers.

Gouge away,
You can gouge away,
Stay all day,
If you want to.

Chained to the pillars,
A three-day party,
I break the walls,
And kill us all,
With holy fingers.

Gouge away,
You can gouge away,
Stay all day,
If you want to.

(If you want to!)
