

## Let The Serpent Sleep

Elf Power

The day turns into night  
The dog will always bite  
The serpent's underground  
He lies without a sound  
So let the serpent sleep  
Oh let the serpent sleep  
We're frozen underneath  
So let the serpent sleep

The worm will eat the peach  
There's pebbles on the beach  
The swine is in the mud  
The eagle flies above  
So let the serpent sleep  
Oh let the serpent sleep  
We're frozen underneath  
So let the serpent sleep

The ocean lives and breathes  
And man creates machines  
Children run away  
And night turns into day  
So let the serpent sleep  
Let the serpent sleep  
We're frozen underneath  
So let the serpent sleep

Let the serpent sleep  
Let the serpent sleep  
We're frozen underneath  
So let the serpent sleep
