

# Safe In My Hands

Eli Lieb

Always standing just outside of the circle  
And no one lets you in  
Blame it on yourself  
But you're looking in a mirror  
Through a broken window  
Shout it out, all the noise  
That you let in  
Let it go just fade away  
If you could only see  
There is only light  
Where you think there's shadow

In the night, every road you take  
In the night, brings you back to me, yeah  
Don't stand alone I'm right here

So take my hand  
Don't be scared  
We can go anywhere  
You don't have to run  
You don't have to hide  
Coz' I got you  
Safe in my hands, safe in my hands

Holding you close and I don't care who's watching  
Let the street lights guide the way  
Tell me times will change  
And they will look at us like we're broken and strange

In the night, every road you take  
In the night, brings you back to me  
Don't stand alone I'm right here

So take my hand  
Don't be scared  
We can go anywhere  
You don't have to run  
You don't have to hide  
Coz' I got you  
Safe in my hands, safe in my hands  
Safe in my hands

So take my hand  
Don't be scared  
We can go anywhere  
You don't have to run  
You don't have to hide  
Coz' I got you

I pull you close  
Let them stare  
I'm with you  
I don't care  
You don't have to run  
You don't have to hide  
Coz' I got you  
Safe in my hands, safe in my hands

Safe in my hands, safe in my hands
