

# A Lot Like Love

Eli Young Band

Yeah, love's a new born baby smile  
Daddy walking his daughter down the aisle  
A long first kiss that lingers in your mind  
The smell of that first summer rain  
A feeling that you can't explain  
Makes you wish you could go back in time

Of all the memories, good and bad  
Still find myself looking for what we had  
I always thought I'd find a better one  
And I bought into that young man's life  
But looking back now I realize  
I still don't know exactly what it was  
It sure felt a lot like love

And I wasted good years running round  
Trying to be the king of this old town  
Always moving onto something new  
But time goes by and I'm still here  
And all the new has disappeared  
Finally I'm forced to face the truth

Of all the memories, good and bad  
Still find myself looking for what we had  
I always thought I'd find a better one  
And I bought into that young man's life  
But looking back now I realize  
I still don't know exactly what it was  
It sure felt a lot like love

Do you ever think about me?  
Do you ever feel the same?  
Am I just a faded picture  
In a broke and dusty frame?

Of all the memories, good and bad  
Still find myself looking for what we had  
I always thought I'd find a better one  
And I bought into that young man's life  
But looking back now I realize  
I still don't know exactly what it was  
Oh, it felt a lot like love  
A lot like love, yeah

Baby smile, down the aisle  
Summer rain, you can't explain  
You can't explain, you can't explain
