

## Girl In Red

Eli Young Band

She walked in dressed in red  
Didn't take long to lose my head  
All this time I never knew  
There were girls with eyes so blue

Certain of herself, she walked around  
As if she knew she owned this town  
Talking to her I'd have never guessed  
End of the night I'd kiss the girl in red

I'm not the kind to make up my mind  
To lose sanity; lose my head  
For some girl in red

I smell the smoke; still hear the band  
Taste the beer that was in my hand  
That night we met runs through my head  
I can't forget the girl in red

I'm not the kind to make up my mind  
To lose sanity; lose my head  
For some girl in red

I'm not the kind to make up my mind  
To lose sanity; lose my head  
For some girl in red

I'm not the kind to make up my mind  
To lose sanity; lose my head  
For some girl in red
