

# Throw And Go

Eli Young Band

Throw the laundry in the backseat  
Accelerate with your bare feet  
Take this corner carefully  
It's hard to corner when you can't see

That we're kicking up a cloud of dust  
On a bird's eye view of us  
I'll be damned if we're gonna rust  
In a town I've never thought of much

Gotta throw and go  
Gotta make new ground  
Leave in a hush  
Take what ain't nailed down  
Don't trip the wire don't let the neighbors know  
By the time the light hits we'll be so far gone  
Throw and go

Alarm flashing twelve o'clock  
Been that way since it powered off  
Gotta make up for the time I lost  
Turn up the volume take it up a notch

Maybe take a new approach  
Adjust to a lighter load  
We're in the clear the mirror shows  
By staying off the paved road

Gotta throw and go  
Gotta make new ground  
Leave in a hush  
Take what ain't nailed down  
Don't trip the wire don't let the neighbors know  
By the time the light hits we'll be so far gone  
Throw and go

Rumor says they're heading down  
I guess we've been ratted out  
They think they've got us made  
We've already got away

If we throw and go  
Make new ground  
Leave in a hush  
Take what ain't nailed down

Don't trip the wire don't let the neighbors know  
By the time the light hits we'll be so far gone  
Throw and go  
Throw and go
