

My Only Love

Elis

I'm a lonely stranger
In this world of pain
In my darkest hour
I'm alone
Why did you leave me
But one day
I will find you
My heart and soul
My only love
Wandering through the fields
Of disease
Can you hear me calling
Searching for a heart
Which heals my wounds
I'm not going to lose
My faith in love
Just because you left me
But one day
I will find you
My heart and soul
My only love
